

49:th International BSA Rally • 11-18 Aug 2012
Degeberga • Sweden • www.bsao.org

Welcome!

Welcome to the 49:th International BSA Rally

The Rally will be held at Degeberga in the south east corner of Sweden at the Hanöbukten and Österlen. The Rally dates is between the 11:th and 18:th of August 2012.

The area is probably the most motorcycle friendly part of Sweden with lusty roads and spectacular views. Its close to mainland Europe but at the same time genuinely Swedish. The coast and beaches are close and many exciting destinations make Degeberga our best option when we, for the third time, hold an International BSA Rally here in Sweden.

Degeberga is a small village with about 1700 inhabitants on Linderödsåsen in Kristianstad Municipality. In Degberga there is a cut in the ridge Linderödsåsen, Forsakar, where Skåne's highest waterfall (10.5 m) is. There are a lot of hills in the area is, which makes it very nice for motorcycle riding

Its close to many interesting places such as nature conservation area Stens Huvud, Kivik, Brösarps Backar (hills), Simrishamn and Åhus which is the home of Absolut Vodka. Kivik is known for its extensive apple plantations, cider and markets and exciting motorcycle roads. The coast along Hanöbukten is famous for its eel fishery and with its miles of sandy beaches and sights are the perfect destination for a summer holiday.

A little further from Degeberga but still quite close, we have Glimmingehus, the best preserved medieval building in Scandinavia. Another interesting place is Kåseberga with "Swedens Stonehenge"- Ales Stenar. Furthermore the city of Ystad - Sweden's southernmost city and much more.

In Degeberga you can find, supermarket, pizzeria, health care centre, pharmacy, petrol etc.. It is also here on Degeberga Stugby we will be staying during the international. There is plenty of room for camping and caravans / campers. We also have twenty 6-bed, fully equipped, cottages for our guests. A small hostel at the site is also available. There is hotels in the area for those who wish.

Degeberga Stugby is next to an Open Air Museum where a collection of unique buildings from southeastern Sweden is put. There is also a Cafe - Trolldegen, that serves light meals and lunch. A few hundred yards from the holiday village is Forsakar outdoor swimming for the swimmers.

About the 49:th International BSA Rally
